e-mail: info@geomundus.org

September 1st, deadline for Abstracts
October 1st, deadline for Full paper

The Erasmus Mundus (EM) Symposium on Geography, Earth and Environmental Studies (GeoMundus) will take place in Castellón, Spain on October 2010; it is geared to support networking opportunities for Geography, Earth and Environmental Studies students spread around Europe. The symposium will be a means to disseminate ideas amongst EM researchers and cultivate connections.

The professional and P2P networking opportunities that GeoMundus offers cannot be understated. Not only will you be in the international presence of fellow EM students, but also top-level professional in the fields of Geography, Earth and Environmental Studies.

Come and share knowledge, find friendship, and make networking.
